

Mediterra Fertility

IVF Treatment Consent

This document confirms your agreement to proceed with in-vitro fertilisation (IVF) treatment as discussed with your doctor. It describes the steps of your treatment cycle, the medicines involved, and what to expect at each stage.

Patient: Layla Hassan (demo)

Signed: 7 June 2026 (demo)

This is a sample document included with the demo build of the patient portal to show how a signed consent would appear. It contains no real patient information. In the live system, the actual signed PDF is uploaded by clinic staff and shown read-only to the patient who signed it.
